Experience

Professor of Physics College of the Holy Cross	2022 – Present Worcester, MA
Associate Professor of Physics College of the Holy Cross	2015 – 2022 Worcester, MA
Assistant Professor of Physics College of the Holy Cross	2011 – 2015 Worcester, MA
Visiting Scientist (while on sabbatical leave from College of the Holy Cross) Rowan University	Fall, 2013 Glassboro, NJ
Visiting Assistant Professor of Physics Rowan University	2009 – 2011 Glassboro, NJ
Lecturer (Physics and Mathematics) Santa Clara University	Winter, 2009 Santa Clara, CA
Physics Lecturer The Princeton Review	2007 Berkeley, CA
Graduate Student Instructor University of California, Berkeley	2002 – 2007 Berkeley, CA

Education

Ph.D. Physics University of California, Berkeley ▪ Specialization: Theoretical high energy particle physics	2007 Berkeley, CA
M.A. Physics University of California, Berkeley	2005 Berkeley, CA
B.S. Physics and Mathematics Santa Clara University	2002 Santa Clara, CA

Research Interests

I am a theoretical physicist and I have done research in the areas of particle physics, cosmology, numerical relativity, and cold atomic physics. My current research focuses on numerical solutions of black holes and wormholes.

Publications

* = undergraduate coauthor

41. B. Kain, “Quantum corrected Einstein-Yang-Mills black holes in semiclassical gravity,” *Phys. Rev. D* **111**, 044033 (2025) [arXiv:2502.08278].

Presentations and Posters

13. B. Kain, “Is it really possible to teleport? Quantum computing and quantum teleportation,” Holy Cross Alumni Revisited, March 24, 2022, online.
12. B. Kain, “Simulating neutron stars on a computer,” Holy Cross Faculty Research Lunch, September 13, 2021, Worcester, MA.
11. Y. Ling and B. Kain, “One-dimensional Bose polarons beyond the Fröhlich paradigm: localized impurities,” APS March Meeting 2019, March 5, 2019, Boston, MA.
10. B. Kain, “Recent-(non)discoveries: Primordial gravitational waves and the Higgs boson,” 2015 Weiss Summer Research Program seminar, July 1, 2015, Worcester, MA.
9. B. Kain and H. Y. Ling, “Polarons in a dipolar condensate,” APS March Meeting 2014, March 3, 2014, Denver, CO.
8. B. Kain, A. Hanken, and C. Manning, “Extraordinary Gauge Mediation at Finite Temperature,” APS April Meeting 2013, April 14, 2013, Denver, CO.
7. B. Kain and H. Y. Ling, “P-wave superfluid in a quasi-two-dimensional dipolar Bose-Fermi quantum gas mixture,” APS March Meeting 2013, March 20, 2013, Baltimore, MD.
6. B. Kain, “The Higgs Boson,” College of the Holy Cross Department of Physics colloquium, September 17, 2012, Worcester, MA.
5. B. Kain and H. Y. Ling, “Mixing dipolar condensates: a new opportunity for enhancing superfluid pairing in a spin-polarized Fermi gas,” 21st International Laser Physics Workshop, July 22-28, 2012, Calgary Canada.
4. B. Kain, “Particle Physics and Cosmology,” talk given to high school class at Boston Latin School, June 14, 2012, Boston, MA.
3. B. Kain and H. Y. Ling, “Superfluid pairing in a mixture of spin-polarized Fermi gas and dipolar condensate,” APS March Meeting 2012, March 2, 2012, Boston, MA.
2. B. Kain, S. Benjamin, and C. Freund, “The Effective Kahler Potential, Metastable Vacua and R-Symmetry Breaking in O’Raifeartaigh Models,” APS April Meeting 2010, February 14, 2010, Washington, DC.
1. B. Kain, “Particle Physics!,” Rowan University Department of Physics and Astronomy colloquium, Fall 2009, Glassboro, NJ.

Grants and Awards

- | | |
|---|------|
| Summer Course Development Grant | 2024 |
| <ul style="list-style-type: none"> ▪ Awarded for recording videos for teaching Thermal Physics in Fall 2024 using the approach of a flipped-classroom. | |
| Mary Louise Marfuggi Faculty Award for Outstanding Scholarship | 2022 |
| Course Development Summer Faculty Fellowship | 2022 |
| <ul style="list-style-type: none"> ▪ Awarded from Dean’s Office for recording videos for teaching Methods of Physics in Fall 2022 using the approach of a flipped-classroom. | |

- J. D. Power Center Grant** 2021
- Awarded Summer 2021 Research Associates Program Grant to fund one summer research student.
- J. D. Power Center Grant** 2020
- Awarded Summer 2020 Research Associates Program Grant to fund two summer research students.
- Center for Teaching Grant** 2016
- Awarded to attend the Physics Education and Research Conference on “Relativity and Gravitation: Contemporary Research and Teaching of Einstein’s physics,” from June 5-10, 2016, which was a Gordon Research Conference.
- Summer Course Development Fellowship** 2014
- Awarded from Dean’s Office for implementing Just-in-Time-Teaching in my General/Intro Physics courses.
- New Jersey Space Grant Consortium** 2009-2010
- Used for research student salary and to fund travel expenses for research students to present at the APS Meeting.
